

Vehicle Detailing Trailer

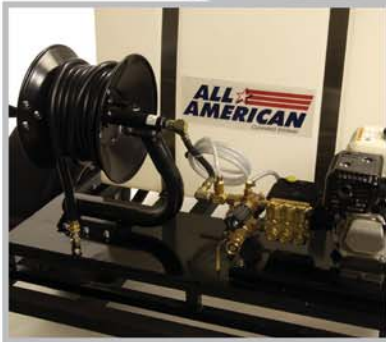

Trailer Mounted Mobile Detailing System

Manufactured exclusively to facilitate the All American Mobile Wash System when an "out-of-vehicle" system is desired.

The Mobile Wash System offers innovative new designs in portability for vehicle detailing. Made to meet the tough demands of every day use.

HOSE REEL & WASHER

Hose reel eliminates tangled hoses and provides versatility by allowing up to 100' of hose.

PUMP SYSTEM

Heavy-duty triplex plunger pump with suction lift abilities coupled with Honda Engine. Three way inlet water valve allowing direct water feed to pump by water tank or garden hose.

MOBILE WASH SYSTEM

Fits easily into any standard size truck bed.

STANDARD TRAILER FEATURES

- 2' x 4' diamond plate work surface
